Dear Board Members:

I would like to suggest that the colors for the new Pewamo-Westphalia School be navy blue and gold. Below are listed the reasons I think these colors would be reasonable and economically sound:

1. Pewamo High School already has one complete set of uniforms navy blue and gold which could be used for second team.
2. We can acquire 15 new jerseys that a sport shop has on sale at \$3 per shirt of this color combination (navy blue and gold). This is a \$4.60 saving per shirt.
3. If we are admitted to the Central "C" conference, this color combination wouldn't be a duplication of any of the other teams.
4. These colors are easy to replace and match.
5. This color would be an attractive and service-able color for band uniforms.

As a nickname to go along with this, I feel that the "Pirates" would be quite appropriate as no other team around this area has this name. P & W Pirates or Pewamo-Westphalia Pirates is also euphonious.

After a discussion of this with the administration, I would like to suggest that a resolution be put in the minutes so that appropriate action can be taken for the purchase of equipment for the ensuing year.

Respectfully submitted,

Ken Click
